- Each gift card printed with business name or logo
- Minimum card order: 200 per design
- Maximum card order: None
- Cards can be loaded with a dollar value ranging from \$1 to a maximum of \$250
- Cards have no value until activated through a Moneris POS terminal

Customized gift card details:

- Unique gift card and holder design created by you
- Minimum card order: 2,500
- Maximum card order: None
- Cards can be loaded with a dollar value ranging from \$1 to a maximum of \$250
- Cards have no value until activated through a Moneris POS terminal

Gift card enabled POS devices:

- HiSpeed 3100
- HiSpeed 6200
- Mobile 8200

Functionality:

- **Activate** – gift cards are easily activated through a Moneris point-of-sale terminal. Swipe the gift card through the terminal and enter the amount of the gift card as you would a debit or credit card.
- **Purchase** – gift card purchases can be split between a gift card and another form of payment (i.e. \$50 on a gift card and \$50 on debit/credit)
- **Inquiry** – balance and expiry date inquiries are made by swiping the gift card through the terminal.
- **Print** – with this option, you can print stored gift card transactions by batch or date.
- **Reload** – cards can be reloaded with a new amount or reissued. Once the reload feature is added, all card expiry dates (if applicable) will be removed. Expiry dates cannot be reverted on cancellation of reload feature.
- **Expiry** – gift cards activated before October 1, 2007 expire 2 years after they have been activated. Gift Cards activated after October 1, 2007 will not expire.

Gift card starter kit includes:

1. Gift cards personalized with your name or logo
2. Gift card holders
3. Display stand
4. Quick reference guide
5. Gift card window decal
6. Gift card counter sign

Transaction Reporting:

Reports for single or multiple locations include:

- **Gift card daily transaction report** – review all gift card transactions on any given day, including purchases, activations, de-activations and voids.
- **Gift card date range and summary report** – select a specific date range to view gift card transactions (i.e. July 1-31). Includes the following totals:
 - Activated amount and number
 - De-activated amount and number
 - Purchase amount and number
 - Average purchase amount
 - Void amount and number
- **Chain gift card date range summary report** – view the same results as the gift card data summary report for each location that falls under your respective chain.
- **Liability report** – view a summary report of the total outstanding (unredeemed) dollar value for all activated gift cards.
